Unlocking future skills through AI

- Fully facilitated **tech-enabled workshop** delivered on school grounds
- Hands-on learning using **iPads + real-world AI tools**
- Inspires students with **tech careers** linked to the curriculum
- Helps your school meet **Gatsby Benchmarks 2, 4 & 5**
- No teacher prep required — **we bring everything**

Student selection guidelines

Recommended students are:

- Curious, engaged and open to new ideas
- Positive team players who enjoy hands-on learning
- Interested in creativity, tech or solving problems (no experience needed)
- Motivated and aspirational
- Confident communicators or willing to have a go

Diversity expectations:

- At least 50% girls
- Include students on Free School Meals wherever possible
- Consider students who don't normally get access to enrichment opportunities
