

# Tech for Entertainment and Art Homework Task

**NAME**

---

**HOMEWORK DUE DATE**

---

## **YOUR TASK**

Research and find your favourite piece of art created using technology.

Bring in a picture of this art and some notes about the artist, purpose, theme etc. Explain how technology was used to create the art.

If you are unable to print a picture of the art, then you could take a note of the website on which you found a picture of it so that the teacher can display the art for the rest of the class/group to look at.
