

# FREE Tech Careers CPD Day

Infosys®

Empowering you to inspire your students to pursue  
future careers in tech

Hosted by Infosys - funding available for travel and  
supply cover

## The Opportunity

Tech She Can, in collaboration with Infosys, is offering teachers and careers advisors the chance to join us for a dynamic, hands-on CPD day.

## Aims of the day:

- Expand your understanding of the wide range of careers in technology, far beyond coding, and discover the many pathways students can take to reach them.
- Explore the importance of diversity in tech and help your students to see themselves in this rapidly growing sector.
- Consider technology trends shaping the future of work, so you can confidently support your students in navigating a rapidly changing world.
- Empowering you with knowledge and resources to confidently embed technology and digital skills into your lessons.
- Utilise the Springboard Platform to continue your own professional development.

## Places including funded travel and teacher cover:

- There are limited places available with fully funded travel and cover teacher costs for your school.\*
- To qualify for funding, your school MUST have a higher than the national average number of students eligible for free school meals (over 25.7%).
